

*Office Memorandum* • UNITED STATES GOVERNMENT

TO : Vital Materials Officer

DATE: 3 March, 1952

FROM : Custodian of Vital Materials

SUBJECT: Vital Materials Deposited by the Office of the General Counsel

1. Attached hereto are five folders of materials deposited by the General Counsel in the Vital Materials Repository. There is some question in my mind as the real vital character of these documents which date from 1946. It may be that certain of these documents are indeed vital but I think all should be reviewed and the reselected material re deposited at a later date.
